

**POSITION:** Direct Mid-LEVEL DEVELOPER for IT Solutions Team  
**LOCATION:** Royal Oak, MI

**DESCRIPTION:**

Trillium Teamologies, Inc. is looking for a full time mid-level Developer to join our internal software development project team. We offer a stimulating and exciting environment for professionals who can analyze, develop, deliver and support high quality business applications. Our projects range from small business systems and support to large web enabled enterprise applications for Fortune ONE companies.

The responsibilities vary but include: assisting with application architecture, coding, linking data to application pages, some component design, internal testing & debugging, integration of new features into production sites, customer support and liaison and providing input on other project proposals and company initiatives. The opportunity is not for the faint of heart or those that need constant direction. We are looking to add a resilient, self-starter who is spirited, thinks out of the box but can follow direction and who exhibits a proven analytical and an excellent coding track record! You will interview with the IT Solutions Team leader and the President.

**REQUIRED QUALIFICATIONS:**

- Minimum of 3 years of C#/VB.NET writing WinForms or ASP.NET, JavaScript, HTML, CSS
- Minimum of 2 years of SQL Server 2005 or higher
- Strong understanding of Object Oriented Programming
- Understanding and comprehension of n-tier architectures
- Proven strong Debugging, troubleshooting and analytical skills
- Excellent communication skills – oral & written
- Comprehension of Data Models, Database normalization and query optimization
- Self-motivated and able to work independently of a team as well as collaborate within a team environment
- Must be detail-oriented with the ability to manage multiple assignments effectively
- The ability to accurately estimate work, report progress and document issues
- Motivated to learn new technologies and expand working knowledge

**OTHER DESIRED ABILITIES:**

- .NET 3.5 or higher
- Entity Framework Data Model
- HTML5
- jQuery
- Microsoft IIS 6/7
- Knowledge of Microsoft SharePoint 2010/2007
- Microsoft SQL Server Reporting Services
- SOA Experience
- Web Services
- MCSD or additional Microsoft Certifications are a valuable plus

**EDUCATION REQUIREMENT:**

Bachelors degree or equivalent work experience (minimum 3 years)

**COMPENSATION/BENEFITS**

- Global application development and support for Fortune ONE client
- Salary commensurate with experience
- Certification incentives
- Trillium's comprehensive package includes holidays, vacation, medical, dental, life insurance, disability, 401k, and more
- Work location on Main Street in dynamic Downtown Royal Oak
